## HISTORICAL NRA EXCLUSIVE OFFER

Throughout history, military heroes and innovative firearms like the Remington 1863 New Model Army & Navy revolvers (considered by many to be the finest percussion single-actions ever) have impacted the course of nations.

In fact, many veterans today remember firsthand the story of PT-109 and the heroism of John F. Kennedy, who received the Navy and Marine Corps Medal and the Purple Heart in WWII. Following the war, Kennedy continued to serve his country in the House of Representatives, Senate and became the youngest elected U.S. President in history. He created the Navy Seals, The Peace Corps, inspired America to put a man on the moon and was the only Democrat among 8 Presidents to be Life Members of the NRA.
